I. Introduction and General Information

New York State Homes and Community Renewal (HCR) consists of all the major housing and community renewal agencies of the State of New York (State), including the Housing Trust Fund Corporation (HTFC or Corporation) and its Affiliates (Division of Housing and Community Renewal, New York State Housing Finance Agency, State of New York Mortgage Agency, New York State Affordable Housing Corporation, State of New York Municipal Bond Bank Agency and Tobacco Settlement Financing Corporation).

HTFC was established in 1985 under Section 45-a of the Private Housing Finance Law (PHFL), as a public benefit corporation. The mission of the Corporation, under the PHFL statute, was to create decent affordable housing for persons of low income by providing loans and grants for the rehabilitation of existing housing or the construction of new housing under the New York State's Low-Income Housing Trust Fund Program. HTFC's mission has been expanded since then by the addition of many State and federal programs to its portfolio, including the HOME Investment Partnerships Program, the Section 8 Project-based Contract Administration Program, and the Community Development Block Grant Program.

The PHFL statute conferred a number of powers on HTFC, including the authority to contract with the State's Division of Housing and Community Renewal (DHCR) to administer the Corporation's activities. HTFC was also authorized, among other things, to create its own by-laws for the management of its affairs, make and execute its own contracts,

engage the services of consultants for professional and technical services, and determine policies for the investment of its funds.

II. Purpose

HTFC, through its partnership with the Governor's Office of Storm Recovery (GOSR), is issuing this request for proposal (RFP) in connection with its administration of U.S. Department of Housing and Urban Development (HUD) Community Development Block Grant-Disaster Recovery (CDBG-DR) funds appropriated by the Disaster Relief Appropriations Act, (Pub.L.113-2). HTFC/GOSR is seeking proposals from certified Community Development Finance Institutions (CDFIs) qualified to develop and administer the Small Project Affordable Rental Construction program (SPARC), a new program to make project financing available to qualified housing development organizations for the construction of affordable multifamily rental properties of eight (8) to twenty (20) units (Small Projects). Small Projects will be located in areas where housing stock was damaged or lost due to the impact of Superstorm Sandy, Hurricane Irene, and/or Tropical Storm Lee (Covered Storms). HTFC/GOSR will accept proposals from either a single firm or from two or more firms proposing to provide such services as a joint venture.

HTFC/GOSR wants to ensure it stimulates the creation of a broad range of housing options for the residents of State. The Covered Storms highlighted the need in many communities around the State for new rental housing opportunities in markets where Small Projects best meet both demand and neighborhood context. The SPARC program will create an opportunity for storm-affected communities in the State to address affordable housing needs where large scale development is not feasible or practical.

HTFC/GOSR expects to allocate up to \$20,000,000 under the New York Rising Rental Buildings Recovery Program Multi-family/Affordable Housing Fund (AHF) for this program. This funding is comprised of federal CDBG-DR funds provided to the State and administered through HTFC for the purpose of providing assistance to recover from the Covered Storms.

The national objectives of the CDBG-DR program are to develop viable communities by providing decent housing and a suitable living environment, and expanding economic opportunities, principally for low- and moderate-income people. All projects receiving CDBG-DR funds through the SPARC program must meet the CDBG-DR National Objective of primarily benefiting low- and moderate-income persons.

SPARC funding may only be applied toward the substantial rehabilitation of buildings damaged by the Covered Storms or vacant buildings in areas affected by the Covered Storms or new construction of Small Projects that are situated in areas affected by the Covered Storms.

This RFP describes the program objectives, submission requirements and selection process for Respondents who wish to develop and administer SPARC in conjunction with HTFC/GOSR.

III. Diversity Requirements

HTFC/GOSR is committed to awarding a contract(s) to a firm(s) that is dedicated to diversity and provides high-quality services. HTFC/GOSR strongly encourages firms that are certified by the State as minority- and/or women-owned business enterprise ("MWBEs"), as well as firms that are not yet certified, but have applied for certification, to submit responses to this RFP. All certified MWBE firms submitting proposals to this RFP should be registered as such with the New York State Department of Economic Development. For MWBE firms that are not certified but have applied for certification, please provide evidence of filing, including the filing date.

HTFC is required to implement the provisions of New York State Executive Law Article 15-A and 5 NYCRR Parts 142-144 ("MWBE Regulations") for all New York State funded HTFC contracts, as defined therein, with a value in excess of \$25,000. The Corporation strongly encourages joint ventures of MWBE firms with majority firms and MWBE firms with other MWBE. For purposes of this RFP, HTFC hereby establishes an overall goal of 30% for MWBE participation, 15% for minority-owned business enterprises (MBEs) and 15% for women-owned business enterprises (WBEs).

VI. Anticipated SPARC Program Parameters

- 1. All SPARC funds will be committed no later than March 31, 2016 and fully disbursed within two (2) years of the commitment date. CDBG-DR funds will be made available to the Awardee on an as-needed basis.
- 2. All Small Projects receiving SPARC assistance must comply with the Federal National Environmental Protection Act (NEPA) as implemented through 24 CFR 58, and the New York State Environmental Quality Review Act (SEQRA). Further, all structures located within the 100-year floodplain must conform to the most current floodplain requirements of the New York State Building Code, and with the decision-making process set forth in 24 CFR Part 55. Projects assisted with CDBG-DR funds must also comply with requirements to obtain and maintain flood insurance, where applicable.
- 3. HTFC/GOSR will seek to award these limited AHF resources in a manner that promotes a statewide geographic distribution of this financing in areas with housing damaged by one or more of the Covered Storms. Priority will be given to projects within the NY Rising Community Reconstruction Program areas (See http://www.stormrecovery.ny.gov/community-reconstruction-program) and other areas highly impacted by Covered Storms.
 - Assistance may also be provided to finance Small Projects in the following counties with housing damaged by one or more of the Covered Storms: Albany, Broome, Chemung, Chenango, Clinton, Columbia, Delaware, Dutchess, Essex, Franklin, Fulton, Greene, Hamilton, Herkimer, Montgomery, Nassau, Oneida, Orange, Otsego, Putnam, Rensselaer, Rockland, Saratoga, Schenectady, Schoharie, Suffolk, Sullivan, Tioga, Tompkins, Ulster, Warren, Washington, and Westchester ("SPARC Area").

- 5. Eligible borrowers will be for-profit and not-for-profit housing development organizations with experience and capacity to undertake substantial rehabilitation or new construction of rental housing.
- 6. SPARC assistance may be used for site acquisition, demolition, debris removal, site work, construction and soft costs necessary for the substantial rehabilitation, adaptive reuse, or new construction of housing. Projects must result in completed residential units; land banking is not permitted.
- 7. The maximum amount of SPARC assistance to a project will be the lesser of \$3,750,000 per project or \$200,000 per affordable unit.
- 8. SPARC loans will be non-recourse loans with a maximum term of thirty (30) years secured by a recorded mortgage on the Small Project which will also be encumbered by a regulatory agreement. Program income, including principal and interest, generated from repayment of loans will be returned to HTFC.
- 9. SPARC loan interest rates may not exceed the then Applicable Federal Rate (AFR) and may be reduced to the extent necessary to make a project financially feasible.
- 10. SPARC financing may be used in conjunction with other State or federal financing resources already committed to projects through HCR.
- 11. Since SPARC loans will be funded from the federal CDBG-DR program, all financed Small Projects must meet various federal "cross cutting" requirements, including compliance with the Davis-Bacon Act. See federal requirements, including Federal Labor Standards Provisions:

http://www.nyshcr.org/AboutUs/training/06seminar4 HUD 4010.pdf

A more detailed partial listing of these requirements are listed in **HUD General Provisions and SPARC RFP Additional Requirements, attached hereto as Appendices I and II, respectively.** Projects must also comply with CDBG-DR green building requirements.

X. Permissible Contacts

Pursuant to State Finance Law ("SFL") §§139-j and 139-k, this RFP imposes certain restrictions on communications between HTFC/GOSR, including its Affiliates (New York State Housing Finance Agency, State of New York Mortgage Agency, New York State Affordable Housing Corporation, State of New York Municipal Bond Bank Agency, Tobacco Settlement Financing Corporation and New York State Division of Housing and Community Renewal), and a potential Respondent during the procurement process. A Respondent is restricted from making contacts that a reasonable person may infer were intended to influence the selection of a firm to perform the proposed professional services, from the date of publication of this RFP until the awarding of a contract(s) by HTFC/GOSR (the "Restricted Period"), with anyone other than the designated staff member named below, unless it is a contact that is included among certain statutory exceptions set forth in SFL §139-j(3)(a). XI. Participation of MWBEs and Equal Employment Opportunities

HTFC/GOSR values affording MWBEs the opportunity to participate in the performance of the contract to be awarded for this project. Accordingly, any contract awarded under this RFP will promote, and assist in, the participation of certified MWBEs as outlined in and in accordance with HTFC's Appendix II relating to requirements and procedures for *Participation by Minority Group Members and Women*. For purposes of this RFP, HTFC hereby establishes an overall goal of 30% for MWBE participation, 15% for minority-owned business enterprises (MBEs) and 15% for women-owned business enterprises (WBEs).

New York State Law

Pursuant to New York State Executive Law Article 15-A ("Article 15-A"), HTFC/GOSR recognizes its obligation to promote opportunities for maximum feasible participation of certified MWBEs, and the employment of minority group members and women in the performance of HTFC/GOSR contracts. HTFC encourages firms that are MWBE certified to submit proposals in response to this RFP.

In 2006, the State commissioned a disparity study to evaluate whether MWBEs had a full and fair opportunity to participate in State contracting. The findings of the study were published on April 29, 2010, under the title "The State of Minority and Women-Owned Business Enterprises: Evidence from New York" ("Disparity Study"). The report found evidence of statistically significant disparities between the level of participation of MWBEs in State procurement contracting versus the number of MWBEs that were ready, willing and able to participate in State procurements. As a result of these findings, the Disparity Study made recommendations concerning the implementation and operation of the MWBE program. The recommendations from the Disparity Study culminated in the enactment and the implementation of Article 15-A, which requires, among other things, that HTFC/GOSR establish goals for maximum feasible participation of State-certified MWBEs and the employment of minority group members and women in the performance of HTFC/GOSR contracts.

Business Participation Opportunities for MWBEs

HTFC/GOSR is committed to achieving significant MWBE participation in its contracts and will use good faith efforts to ensure qualified MWBE firms are included in the selection of a firm to participate in the scope of work under this RFP.

Firms responding to this RFP that are not MWBEs are strongly encouraged to consider partnerships or other joint venture arrangements with certified MWBE firms to provide MWBE firms the opportunity to participate in the provision of services performed under the contract(s) to be awarded to the successful Respondent.

Note that under Article 15-A, Respondents must document good faith efforts to provide meaningful participation by MWBE firms. Willful and/or intentional violation of this

obligation may result in the imposition of liquidated damages or other appropriate sanctions, including, without limitation, suspension of any future contracts with HTFC/GOSR and monetary payments based on the MWBE goal shortfall.

The directory of New York State Certified MWBEs can be viewed at: http://www.esd.ny.gov/MWBE.html.

The proposal deadline is firm as to date and hour. Responses received after 5:00 p.m. on February 25, 2015 will be deemed ineligible. XIV. Evaluation Process

A. Evaluation Process

The evaluation of proposals will be based on the "Best Value" concept as demonstrated by the Respondent's technical proposal (i.e. experience, proposed work plan, methodology, timeline, staffing plan), MWBE participation, and cost proposal. The proposal which "optimizes quality, cost and efficiency" among the responsive and responsible Respondents will be selected for award.

All proposals deemed to be responsive to the requirements of this RFP will be evaluated to determine that the Respondent is a responsible entity that meets minimum qualifications. Proposals failing to meet the minimum qualifications or other requirements of this RFP may be eliminated from consideration.

Proposals must be complete and include all forms, documentation, and information listed in this RFP. HTFC/GOSR may deem a proposal non-responsive and disqualify a Respondent, if any of the required forms, information or other documentation is missing or incomplete. (HTFC/GOSR reserves the right, in its sole judgment, to disregard any apparent errors in a proposal that it deems insignificant, to accept or reject any or all proposals, or to cancel this solicitation and reissue it or another version of it, if HTFC/GOSR deems that doing so is in the best interest of the citizens of the State of New York.)

Upon determination that a proposal is complete and responsive, the proposal will be evaluated by a HTFC/GOSR Evaluation Team. The Evaluation Process will include

separate minimum, technical, MWBE, and cost evaluations and will be scored based upon the criteria outlined in the RFP and as described below.

(a) Minority and Women-Owned Business Enterprises (5 points)

Scored to the degree of meaningful MWBE participation in the Respondent's proposal. Proposals with an MWBE share of the total budget cost exceeding 30%, as more fully described in Sections III and XI of this RFP, will be scored more favorably.

(b) <u>Cost Evaluation (25 points)</u>

Scored to the degree that the cost structure and billing schedule for the services to be provided by the Respondent (i) are deemed relevant and inclusive of the activities described in the Scope of Services of this RFP, (ii) are reasonable in relation to industry standards, (iii) are competitive with the costs structures and billing schedule of other Respondents, and (iv) include cost saving methods.

(c) Technical Evaluation (70 points)

- (i) Experience (25 points): Scored on the Respondent's documentation of successful experience in undertaking projects comparable in size, scope and complexity to the scope of work described in this RFP. Respondents who demonstrate experience which is specifically related to the Scope of Services described in this RFP will be evaluated more favorably.
- (ii) Methodology (30 points): Scored on the Respondent's presentation of a clear, cogent and concise work plan and timeline for accomplishing, in a timely manner, the Scope of Services described in this RFP. Also scored to the degree the Respondent proposes innovative methods for accomplishing the Scope of Services.
- (iii) Staffing Plan, Capacity, and Readiness (15 points): Scored to the degree the Respondent has documented that the necessary qualified staff, technology, policies and procedures and organizational capacity are in place to undertake the scope of work described in this RFP. Respondents who document an ability to begin work in a short time span on the scope of work described in this RFP will be evaluated more favorably.

The Technical Evaluation will be based upon the Respondent's demonstrated ability to perform the Scope of Services outlined in this RFP and to meet the following criteria:

- 1. Demonstrated capacity to perform the types of services described in this RFP, including successful history of administering federal funds and originating and servicing loans using federal funds;
- 2. Marketing plan that shows a credible means of committing all SPARC funds by March 31, 2016 and fully disbursing all SPARC funds within 24 months of the last commitment date;
- 3. Proposed administrative fees to be collected from Small Project Borrowers;

- 5. Financial stability of Respondent;
- 6. Evidence of satisfactory insurance coverage;
- 7. Number of completed residential units for low- and moderate-income occupancy in storm-damaged communities anticipated to result from lending activity;
- 8. Total number of completed residential units in storm-damaged communities anticipated to result from lending activity;
- 9. Amount of non-state funds committed and anticipated to be leveraged for housing and related community development activity;
- 10. HUD Section 3 compliance and level of MWBE participation in program; and
- 11. Such others matters as HTFC/GOSR may identify in the course of reviewing submissions.

B. Selection and Notification Process

The Awardee will be issued a Letter of Intent to Contract, via U.S. mail or email. Contract award is subject to HTFC Board approval. Respondents who are not selected will be notified of HTFC/GOSR's determination via U.S. mail or email.

If HTFC/GOSR is unsuccessful in negotiating and entering into a contract with the Awardee, HTFC/GOSR may then invite the next highest rated, qualified Respondent to enter into negotiations for the purposes of executing a contract.

XV. Miscellaneous Conditions

1. The issuance of this RFP and the submission of a proposal by any Respondent or the acceptance of such proposal by HTFC/GOSR does not obligate HTFC/GOSR in any manner whatsoever. - 5. Nothing stated at any time by any representative of HTFC/GOSR will effect a change in or constitute an addition to this RFP unless confirmed in writing by HTFC/GOSR.
- 6. Any entity selected as a result hereof will be required to execute a contract prescribed by HTFC/GOSR defining all deliverables and the responsibilities of the respective parties along with agreeing to abide by all relevant laws any policies of HTFC/GOSR with regard to, among other things, conflicts of interest, ethics, policies, etc.
- 7. Should HTFC/GOSR and the selected Respondent fail to reach agreement on a final form of contract within a reasonable length of time as solely determined by HTFC/GOSR, HTFC/GOSR reserves the right to cancel its selection and begin negotiations with another Respondent in order to implement SPARC and serve the best interests of the State.
- 8. No contract will be considered final unless and until it is approved by the Board of the Housing Trust Fund Corporation at a regularly scheduled meeting.

APPENDIX II

SPARC Request for Proposals Additional Requirements

New York Rising Rental Buildings Recovery Program Multi-family/Affordable Housing Fund (AHF) provides funding for new construction and substantial rehabilitation of site-specific, affordable, multi-family rental housing in communities impacted by Superstorm Sandy, Tropical Storm Lee, or Hurricane Irene (the "Covered Storms"). AHF utilizes federal Community Development Block Grant – Disaster Recovery (CDBG-DR) funds provided to New York State and administered through the Housing Trust Fund Corporation (HTFC). New York State Homes and Community Renewal (HCR) and the Governor's Office of Storm Recovery (GOSR) expect to make available up to \$20,000,000 for loans to eligible Projects made by a loan administrator to be selected under this Request for Proposals (RFP).

AHF financing may only be utilized to finance the development of residential properties where the majority of units are affordable to households with incomes up to 80% of area median income (AMI), as adjusted for family size. However, if AHF funds are used in conjunction with other income-targeted subsidies, the more restrictive regulations and requirements will apply.

To be eligible for AHF assistance, a project must be located in the one of the following counties and address an unmet need for housing resulting from a Covered Storm:

Superstorm Sandy: Nassau, Orange, Putnam, Rockland, Suffolk, Sullivan, Ulster,
 and Westchester

- Hurricane Irene: Albany, Clinton, Columbia, Delaware, Dutchess, Essex,
 Franklin, Greene, Hamilton, Herkimer, Montgomery, Nassau, Orange, Otsego
 Putnam, Rensselaer, Rockland, Saratoga, Schenectady, Schoharie, Suffolk,
 Sullivan, Ulster, Warren, Washington, and Westchester
- Tropical Storm Lee: Broome, Chemung, Chenango, Delaware, Fulton, Herkimer,
 Oneida, Orange, Otsego, Schenectady, Schoharie, Tioga, Tompkins and Ulster

Federal Requirements

All Projects must comply with all Federal, State and local laws, including rules and regulations specific to CDBG-DR. CDBG-DR rules and regulations include but are not limited to labor, environmental, green building standards, accessibility, and equal employment opportunity.

Development activity involving the temporary or permanent displacement of qualified rental tenants may create obligations under the Uniform Acquisition and Relocation Act (URA).

Please refer to **APPENDIX I – HUD General Provisions**, whose terms and conditions apply to any contract awarded under this RFP.

Contract Requirements

Respondents should be aware that federal law and regulations require that GOSR contracts providing CDBG-DR assistance contain certain provisions. Please refer to **APPENDIX I – HUD General Provisions**.

Respondents are advised to review "Appendices for Contracts," which describes AHF contract requirements in detail. The document is available at: www.nyshcr.org/Topics/Developers/MultifamilyDevelopment/CDBG-DR/AHFRFP.htm "Appendices for Contracts" is made available for information purposes and is subject to revision. Applicants are further advised that GOSR may impose additional requirements at its sole discretion.

Duplication of Benefits (DOB)

In accordance with the Stafford Act, CDBG-DR program funds may not be used for any costs for which other disaster recovery assistance was previously provided or available.

Any Governmental and Non-Governmental assistance provided to the property owner(s) for structural repair or replacement of the rental unit(s) could potentially be considered a Duplication of Benefit (DOB). DOB occurs when a beneficiary receives assistance from multiple sources for a cumulative amount that exceeds the total need for a particular recovery purpose. Section 312 of the federal Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.) prohibits any person, business concern, or other entity from receiving financial assistance with respect to any part of a loss resulting from a major disaster as to which an owner has received financial assistance under any other program or from insurance or any other source. Common sources of disaster recovery assistance include insurance, FEMA, SBA, non-profit organizations, faith-based organizations, other disaster relief organizations, and other

governmental entities. New construction, where there were no rental units previously in existence, will not be reviewed for potential DOB.

Project sponsors seeking CDBG-DR assistance made available under this RFP are required to disclose and document all sources of disaster recovery assistance received in response to Hurricane Sandy, Hurricane Irene and Tropical Storm Lee. The State is required to verify sources and amounts of such disaster aid received.
